Preventive-medicine

Academic year

1-3

4-6

Gender

Male

Female

Age

Your residence conditions

In a family

Alone or in university dormitory

Part 1 - Please answer the following questions truthfully. Be as thorough as possible:

1. Do you consider Sars-Cov-2 to be a dangerous disease ?

Yes

No

2. Were there cases of COVID-19 among your relatives?

Yes

No

3. Was there a fatal outcome among relatives or acquaintances because of COVID-19?

Yes

No

4. Were you sick of COVID-19? How hard ? Please answer the questions using a scale from 1-10, where 0 is 'wasn't sick at all' and 10 is 'was extremely sick'

0 1 2 3 4 5 6 7 8 9 10

5. Are you following the anti-epidemic recommendations, such as wearing masks in public places, hand sanitizing and social distancing?

Yes

No

6. Rate the effectiveness of non-specific SARS-CoV-2 preventive measures from 0 (completely ineffective) to 10 (very effective).

0 1 2 3 4 5 6 7 8 9 10

Part 2 - Please answer the following questions truthfully. Be as thorough as possible:

1. Do you think it is reasonable to get COVID-19 vaccinated during a pandemic?

Yes

No

2. What is your attitude towards COVID-19 vaccination?

Positive

Negative

I'm not sure about this question

3. What in your opinion gives COVID-19 vaccination?

Prevents COVID-19 disease

Prevents COVID-19 complications and severe disease forms

Nothing

4. Who needs to be COVID-19 vaccinated ?

Risk groups

Adult population

Kids

Adults and kids

Nobody

Part 3 - Please answer the following questions truthfully. Be as thorough as possible:

1. Do you think what COVID-19 vaccines are better?

Foreign

Russian

All vaccines are effective

All vaccines are ineffective

2. What COVID-19 Russian vaccine do you think is safety and effective?

“Gam-COVID-Vac” (“Sputnik V”)

“EpiVacCorona” and “EpiVacCorona H”

CoviVak

Sputnik-Light

3. Are you sufficiently informed about the COVID-19 vaccination purpose, COVID-19 vaccine composition, their action mechanisms, their benefits and side effects ?

Yes, enough

No, not enough

4. What are your main sources of information about COVID-19 vaccines?

Internet

Medical workers

Scientific conferences and articles

University lecturers

Mass media

Familiar

I'm not interested in this issue

5. Are you satisfied with the received information about COVID-19 vaccines?

Yes

No

6. Do you recommend COVID-19 vaccination to your friends and relatives?

Yes

No

7. What should be the COVID-19 vaccination during a pandemic ?

Voluntary

Obligatory

8. Rate the COVID-19 vaccination effectiveness from 0 (completely ineffective) to 10 (very effective).

0 1 2 3 4 5 6 7 8 9 10

Part 4 - Please answer the following questions truthfully. Be as thorough as possible:

Have you been vaccinated against COVID-19?

I Yes

II No

<p>I If you have been vaccinated</p> <p>Have you had side effects because of COVID-19 vaccination?</p> <p>No</p> <p>General weakness</p> <p>Pain at the injection site</p> <p>Rise in temperature</p> <p>Headache</p> <p>Muscle pain</p> <p>Other</p> <p>Why did you decide to get vaccinated?</p> <p>To get a vaccination certificate</p> <p>For the COVID-19 prevention and it's severe forms</p> <p>For the COVID-19 prevention in cohabiting relatives</p>	<p>II. If you haven't been vaccinated</p> <p>Reasons for not vaccinating</p> <p>Own negative experience of previous vaccinations</p> <p>Medical contraindications</p> <p>The presence of antibodies against Sars-Cov-2</p> <p>Lack of reliable information about COVID-19 vaccines</p> <p>Fear of side effects and post-vaccination complications</p> <p>Doubts about the effectiveness and safety of COVID-19 vaccines</p> <p>Negative attitude towards COVID-19 vaccination</p> <p>Opinion that it is better to get over Sars-Cov-2</p> <p>Lack of time and desire</p> <p>Lack of imported COVID-19 vaccines</p>
